Dear FCC:

DOCKET FILE COPY ORIGINAL

I watch RFD-TV on Verizon Fios.

My family and I were upset to learn that our favorite rural TV station is no longer on the air. We are organic gardeners specializing in various vegetable varieties. We count on RFD-TV for their information and advice on soil preparation, mulching, growing, and harvesting all the hard work of producing a vegetable garden of considerable size.

We enjoy all the musical shows that our children and grandchildren also enjoy. These traditional musical variety shows for senior viewers are wholesome enough for the whole family to watch and allows us to pass on our traditions to the younger generation.

Please, don't allow the big-city C.E.O.'s to dictate what they want us to watch. There are plenty of other younger-viewer shows to choose from. Let's keep senior programming alive and on the air!

Sincerely,

  
Paula Turello

We received RFD-TV - by Dish

We enjoy their program. We are retirement age - they have clean programs not available elsewhere. Why do you want to stop the canal RFD-TV & other Independent stations. They carry - lots of different programs - after all it is a "Down to Earth" station. Please reconsider your actions.

Thank you!

Dear FCC, proceeding 16-41

We watch RFD-TV on the Dish Network. We enjoy the music programs and many of the other programs as well.

There is much that can be learned from the agricultural programs. Agriculture is very essential to this country and people need to know about where their food comes from.

Please stop these TV executives from taking RFD-TV off their networks.

I watch RFD-TV on DirectTV.

RFD-TV embraces true insight to the life of farming, as well as the cattle and equine industry which is invaluable to America.

Featuring country music, from the artists that were the roots of true country music, enlightens a heritage that that needs to be kept in our living rooms for clean family entertainment.

RFD-TV is an educational tool for our youth that do not have access to these wholesome ways of life; as well as a place in the hearts of those who have been blessed to be a part of this culture.

Please keep RFD-TV programing on DirectTV.

Thank you,

Dear FCC

I wish to have ALL Country TV programs available to all people who live in Rural America Country.

I watch RFD-TV on Dish Network and wish for this programming to be available to anyone on any cable or Dish Network as a basic part of a package one may sign up for.

We in this area have all Veterans Home for Rehab and End of Life nursing care. Our Veterans or their spouse should be able to select a Rural Country station at no extra cost from any network. These people have helped give us our freedom and way of life.

I recently installed Dish Network for my son who is in a Group Home for Handicapped People. This extra because the cable system at that location and Chenango County Time Warner will not offer RFD-TV for these special people.

We need to have RFD-TV available to all. We need Rural Country TV and Radio in Rural America. We need RFD-TV in the country.

We are outraged at FCC-16-14 attempts to try to remove RFD TV from our viewing area.  
RFD TV IS THE FIRST CHOICE OF ANY CHANNELS THAT WE LOVE TO WATCH.

We are elderly seniors who sincerely appreciate being able to watch RFD TV, which honors the traditions of our American Society. We can be assured of having programs that we can enjoy which bring us good wholesome moral comedy, country music, & altogether, programs that families can sit & laugh & enjoy without being embarrassed or humiliated.

Please stop attempting to remove these pleasures which mean so much to so many in our country.

Dear FCC;

Reference Proceeding number 16-41

We watch RFD-TV on CenturyLink Prism TV who charges me an extra \$10.00 a month to have this channel on my TV. This is the only channel of which we are aware that is dedicated to rural news and activity and it would be a tragedy if it were removed from the airwaves. It is surprising to me on how many people in Jefferson City, Missouri tune to this channel just to watch the Molly B show.

We hope that RFD-TV is kept on TV so that we can enjoy such good programing in the future..

To Whomever It May Concern:

This letter is in regard to proceeding number 16-41. I watch RFD-TV. My wife, Elaine, and I immensely enjoy watching the programs offered on this station. We appreciate being able to watch shows that we can share and discuss with our family and friends. There are no worries when our grandchildren are here. It is the kind of wholesome viewing we must keep available here in America, especially for our youth. RFD-TV has become one of our favorite stations. We are concerned that we may lose this programming. Please consider the importance of the content of the programs provided by this station. We ask that you keep RFD-TV and continue to make it available to us.

Thank you for your consideration in this matter.
